

ACADEMIC POLICIES

Academic Standards Policy

Goal of the Policy

The main goal of the academic standards policy is to provide assistance to students who are experiencing academic difficulty. An early warning to students experiencing academic problems often results in their seeking academic support to improve academic performance, and attain their academic and career goals. Students may be required to limit the number of credits they take in a semester and to select certain courses or other student support options, which provide special academic assistance.

The Standards

The following chart details the measures that will be used to determine a student's academic standing. Academic progress will be monitored at the end of the fall and spring semesters. Students are able to view their academic standing on MyCCRI. The standards have a quality component (GPA) measured against a quantitative component (number of credits attempted).

Attempted Credits	Cumulative GPA Required	Warning	Probation	Program Dismissal ¹
0-15	1.25	Below 1.25		
16-30	1.50	Below 1.50	Previous warning, GPA Below 1.50	
31-45	1.75	Below 1.75	Previous warning, GPA below 1.75	Previous warning, GPA below 1.75
46-90	2.00	Below 2.00	Previous warning, GPA below 2.00	Previous warning, GPA below 2.00

Students receiving financial aid must remain in good academic standing and are required to successfully complete a minimum of 67 percent of all courses attempted.

What the Categories Mean

If a student fails to successfully complete enough courses in a semester and/or does not meet a required grade point average, the student may be placed under one of the following academic restrictions:

Academic Warning: Students are restricted to 15 semester credits. Students are required to see an academic advisor.

Academic Probation: Students are restricted to 15 semester credits. Students are required to see an academic advisor.

Academic Dismissal: Students must meet with an academic advisor prior to course registration to discuss strategies for success. The academic advisor will determine the number of credits allowed.

Other Options

The Academic Renewal (Forgiveness) Policy

CCRI students may request academic renewal (forgiveness) to allow removal of poor grades from the calculation of their overall GPA based upon two options:

Option 1: Academic renewal based upon past academic performance

Option 2: Academic renewal based upon change of curriculum

General Provisions that Apply to Both Option 1 and Option 2

1. A student may request academic renewal once under the academic performance option and once under the change of curriculum option.
2. If a student requests forgiveness for a course or courses in which he or she has earned a grade of D or F, the credits earned in any such course or courses will be removed from the total credits earned and the student will receive no credit for the course. However, courses including grades will remain on the student's official transcript designated with a special code for academic renewal.
3. All requests should be submitted using the Academic Appeal Form and forwarded to the Academic Appeals Committee. Waiver forms are available from any advisor in the Advising Center on any campus.

Specific Provisions for Option 1 – Academic renewal based upon past academic performance

1. After three consecutive years of nonattendance at CCRI, a student may request academic renewal based upon past academic performance.
2. After the student completes 12 credits with a GPA of 2.5, the request will be reviewed by the Academic Appeals Committee.
3. If the student's request is approved by the Academic Appeals Committee, grades of D or F for the courses from the prior attendance period will be excluded from the calculation of the student's grade point average. However, the courses and grades will remain on the student's official transcript designated with a special code for academic renewal.

Specific Provisions for Option 2 – Academic renewal based upon change of curriculum

1. A student may request academic renewal based upon a change of program of study/major any time after matriculation and after completion of 12 or more credits with a GPA of 2.5 in his or her new program of study.
2. If a student's request is approved by the Academic Appeals Committee, grades of D or F in courses that were required by the previous program but are not required by the new program will be excluded from the calculation of the student's grade point average. However, courses, including grades, will remain on the student's official transcript designated with a special code for academic renewal.

The Academic Renewal Policy applies to matriculated CCRI students who have completed 12 credits with a GPA of 2.5 or better.

Note: For financial aid purposes, all attempted credits and grades from all courses (GPA), including those that were forgiven, must be included when determining financial aid eligibility. For details on the standards required for financial aid, visit this page. (https://www.ccric.edu/oes/fa/academic_progress.html)

All past academic work will remain part of the official transcript but will not be averaged into the cumulative grade point average.

Students enrolled in any of the Health and Rehabilitative Sciences programs must be aware of the following:

Academic standards specified by the Health and Rehabilitative Sciences programs supersede the college-wide academic standards. Students in these programs must follow the established academic standards policies for the specific department/program. Please refer to the specific program

pages of this catalog or the respective department web pages for specific policies and standards.

Program Changes/Change of Major

Students may change from one CCRI program or curriculum to another in MyCCRI. In some cases, this requires approval from the academic department.
