COMI 2036	Introduction to Computer Ethics	3
	Hours	9
	Total Hours	18

CSTC

Knights Campus, Warwick only

Computers continue to expand in all aspects which also includes our personal activities to business, manufacturing, education, and health care. This program provides balanced coverage of technology fundamentals, computer hardware, computer software, and basic networking technology. Emphasis is placed on operating principles of hardware and software, operating systems, and industry standards along with hands-on laboratory activities for developing practical problem-solving skills. Students develop the ability to configure and troubleshoot basic PCs and basic information technology. Integrated into the program are courses that prepare students to sit for the CompTIA A+.

Note: Students in this program must earn a grade of at least C in all computer course requirements and must maintain a 2.0 GPA. Many courses require prerequisites, corequisites and/or testing. See course descriptions for details (<https://catalog.ccri.edu/course-descriptions/>).
