

# HOMELAND SECURITY - CERTIFICATE

## HMCS, HMEM, HMLE

*The Homeland Security Certificate is currently suspended and not accepting new students.*

Concentrations:

- Cybersecurity Concentration (HMCS)
- Emergency Management Concentration (HMEM)
- Law Enforcement Concentration (HMLE)

Homeland Security has become an integral part of our society. The certificate in Homeland Security provides students with the opportunity to choose three pathways in homeland security.

Each pathway consists of three core courses focusing on the history and development of homeland security, intelligence analysis and how agencies share information to stop terrorist attacks, and border and transportation security issues.

Students then decide which track they wish to pursue. The concentration in emergency management focuses on the depths of terrorism. The concentration in law enforcement provides students with the tools to enter into the law enforcement community, and the concentration in cybersecurity provides a pathway for students interested in defending our nation from a cyberterrorist attack or cyber disruption.

Courses in the Emergency Management concentration can be applied to the Associate Degree in Emergency Management/Homeland Security. See this page for information on the associate degree (<https://catalog.ccri.edu/programs-study/health-sciences/emergency-management-homeland-security-as/>).

**Note:** Many courses require prerequisites and/or testing. See course descriptions for details (<https://catalog.ccri.edu/course-descriptions/>).

## Certificate Requirements

Code	Title	Hours
HMLS 1000	Introduction to Homeland Security	3
HMLS 1010	Intelligence Analysis and Risk Management	3
HMLS 1020	Border and Transportation Security	3
Select one of the following concentrations: <sup>1</sup>		9
Cybersecurity (HMCS)		
Emergency Management (HMEM)		
Law Enforcement (HMLE)		
Subtotal		18
Total Hours		18

<sup>1</sup> Select one concentration from the list below and complete requirements for a total of 18 credits.

## Concentration Options

Choose one to complete certificate requirements.

### Cybersecurity (HMCS)

Code	Title	Hours
COMI 2035	Introduction to Computer Forensics	3
COMI 2036	Introduction to Computer Ethics	3
COMI 2037	Introduction to Cybersecurity	3
Total Hours		9

### Emergency Management (HMEM)

Code	Title	Hours
EMER 1010	Understanding and Responding to Terrorism	3
EMER 1020	Bioterrorism and Public Health Emergencies	3
EMER 1040	Managing the Psychological Impact of Terrorism and Disasters	3
Total Hours		9

### Law Enforcement (HMLE)

Code	Title	Hours
LAWS 1000	Introduction to Law Enforcement	3
LAWS 1010	Criminal Law	3
LAWS 1020	Criminal Procedure	3
Total Hours		9

**Total Certificate Credits 18**
