

LIBERAL ARTS

The Liberal Arts program provides the first two years of a traditional liberal arts curriculum. Most CCRI students who enroll in this program plan to transfer to a four-year college or university in pursuit of a bachelor's degree.

The Liberal Arts program offers students the opportunity to acquire a perspective on world cultures and language while developing essential skills in critical reading, organization, effective writing, analysis and research. Students who successfully complete this program and/or a Liberal Arts concentration receive an Associate in Arts (A.A.) degree.

Students may concentrate in English, world languages, or liberal arts (<https://catalog.ccri.edu/programs-study/liberal-arts/liberal-arts-aa/>). All Liberal Arts students must complete six sequential credits of world language under the general education requirements. Liberal Arts students who wish to pursue a Liberal Arts degree with a concentration in world languages are required to take an additional six sequential credits of the same language at the Intermediate 1 and 2 levels (2010 and 2020) or Advanced 1 and 2 levels (2210 and 2220) as well as complete three credits in a second world language at the elementary level or above. See the following pages for concentration requirements.

Note: Many courses require prerequisites, corequisites and/or testing. See course descriptions for details (<https://catalog.ccri.edu/course-descriptions/>).
