

ENGINEERING, CIVIL - ASSOCIATE IN SCIENCE IN ENGINEERING

ENCI

Knight Campus, Warwick only

Successful completion of this program enables qualified students to transfer to an accredited engineering curriculum and apply most credits to a Bachelor of Science degree in engineering. This program provides a firm background in basic engineering principles. The curriculum includes a strong foundation in mathematics, the basic sciences and engineering fundamentals, as well as liberal arts courses that are applicable to most Bachelor of Science degree programs.

Entrance to the program requires a mathematics placement examination at a calculus level (student is ready to take Calculus I (MATH 2141) or the completion of Pre-Calculus Mathematics (MATH 2111)). It is recommended that all applicants take a mathematics placement examination prior to the summer session.

For courses to transfer to accredited engineering programs, it is important that students adhere to the required prerequisites and corequisites. When in doubt, refer to the course descriptions (<https://catalog.ccri.edu/course-descriptions/>).

Although most courses apply to the curriculum of many B.S. in engineering programs, the course sequences and schedules listed on the following pages will allow students to apply their studies toward one of nine University of Rhode Island engineering programs. These course sequences are for full-time, day students who enter in the fall semester, allowing them to complete the Associate in Science degree requirements at CCRI in four semesters and transfer to the University of Rhode Island as a junior. For the first semester, all engineering students take all the same courses. In all other semesters, the required courses will depend upon the desired engineering program. For most engineering programs, students are required to take courses only offered by URI. For CCRI students taking 12 or more credits, up to seven of these credits can be taken per semester at URI under the inter-institutional agreement at no additional cost. See description of the agreement on this page (<https://catalog.ccri.edu/academic-information/>).

Note: Many courses require prerequisites, corequisites and/or testing. See course descriptions for details (<https://catalog.ccri.edu/course-descriptions/>).

Requirements

Code	Title	Hours
General Education Requirements		
CHEM 1030	General Chemistry I	5
ECON 2030	Principles of Microeconomics	3
ENGL 1010	Composition I	3
MATH 2141	Calculus I	4
MATH 2142	Calculus II	4
MATH 2243	Calculus III	4

MATH 2362	Advanced Engineering Mathematics	4
PHYS 1150	University Physics I	3
PHYS 1151	University Physics I Laboratory	1
Humanities OR Social Science Elective (https://catalog.ccri.edu/academic-information/general-education/courses-approved-general-education-credits/)		3
Subtotal		34
Core Requirements		
ENGR 1020	Introduction to Engineering & Technology	3
ENGR 2160	Introduction to Engineering Analysis	2
Subtotal		5
Civil Concentration (ENCI)		
CHEM 1100	General Chemistry II	5
ENGR 2050	Engineering Mechanics Statics	3
ENGR 2060	Engineering Mechanics Dynamics	3
ENGR 2150	Introduction to Electrical Engineering	3
ENGR 2151	Introduction to Electrical Engineering Lab	1
ENGR 2540	Mechanics of Materials for Engineering	3
ENGR 2620	Linear Electrical Systems and Circuit Theory for Engineers	3
GEOL 1010	Gen Geology I-Physical Geology	4
CVE 205	Basic Surveying (URI-Fall only)	1
CVE 230	Mechanics of Materials Lab (URI-Spring only)	1
CVE 250	CADD for Civil Engineers (URI-Spring only)	3
STA 409	Statistical Methods in Research I (URI)	3
Subtotal		33
Total Hours		72

Transfer

If you are interested in earning a bachelor's degree, please meet with an Academic Advisor (https://www.ccri.edu/advising/transfer_information/) who can help you select the courses that best prepare you for transfer to a four-year college or university. For more information, you can also visit [ritransfers.org](http://www.ritransfers.org/) (<http://www.ritransfers.org/>) with resources on course and program transfer to Rhode Island College and the University of Rhode Island, or visit CCRI's Transfer Articulation (<https://www.ccri.edu/oes/records/transfers/traagree.html>) page for information on articulation agreements with colleges and universities throughout New England.
